Effective June 1, 2008, Delmarva Power's supply rates have changed based on a schedule approved by the Delaware Public Service Commission (DEPSC). The new rates will increase the typical residential customer's bill by about 3% or \$4.26 a month. Delmarva Power used a competitive bidding process under the regulatory oversight of the DE PSC to purchase power on behalf of its Delaware customers and the supply prices have been reset based on the lowest bids.

## Rate Changes to Delaware Residential Customer Bills

	Rates effective 6/1/08		Previous Rates
