## Important Rate Information for Commercial & Industrial Natural Gas Customers

The Gas Cost Rate (GCR) component used in the calculation of your bill is decreasing, effective with your usage on and after March 1, 2009, due to lower wholesale natural gas prices. Effects of the decrease will vary with your usage. Please see the rate chart below for more details.

The GCR is a straight pass-through of wholesale costs of the gas used by our customers – Delmarva Power does not make a profit from this portion of the bill.

This rate will go into effect on March 1; however, they may be subject to change after Public Service Commission review. You will be notified by bill insert of any change made to your rates.

### COMMERCIAL & INDUSTRIAL GAS SERVICE

---

<b>General Gas Service (GG)</b>	<b>Previous Rates</b>	<b>New Rates</b>
